

In my backyard I want...

HAVE YOUR SAY ON YOUR MUNICIPAL STRATEGIC STATEMENT (MSS)

Neighbourhood Meetings

Backyards in Yarra come in all shapes and sizes, yours could be a small balcony, a traditional backyard, your local shopping strip, a public park or the entire municipality.

The MSS contains local strategies on land use and development in the City of Yarra. It provides a vision in key areas such as City characteristics, sustainability and the local economy. Strategies in the MSS direct Council decisions in such areas as urban design, residential, industrial, commercial and retail land use and heritage conservation. The City of Yarra needs to review and update its MSS. The City is holding neighbourhood meetings and would like to invite you to attend.

Come along to the neighbourhood meeting that best suits you.
